

# Starch Paste

## Items Needed:

Faultless Liquid Starch  
Flour  
Container with lid  
Stirring utensil

1. Measure 2 parts Faultless Liquid Starch for every 1 part flour. (Using 1 cup of liquid starch and 1/2 cup of flour makes a good amount).
2. Stir Faultless Liquid Starch and flour until it resembles paste.
3. Use container with lid to store leftover paste in the refrigerator.

Since 1887
