

Finger Paint #1

Items Needed:

1 cup Faultless Liquid Starch
2 cups powdered tempera paint
Water
Container with lid
Stirring utensil

1. Mix starch and tempera until it is smooth.
2. Slowly add water to the mixture until it is thick.
3. When finished, store in a covered container.

Finger Paint #2

Items Needed:

1 cup Faultless Liquid Starch
1 tablespoon powdered soap
2 tablespoons liquid tempera paint
Container with lid
Wire whisk

1. Mix Faultless Liquid Starch and powdered soap in a bowl.
2. Slowly add paint while mixing (more paint means brighter colors).
3. Make sure all soap dissolves by mixing with a whisk.
4. When finished, store in a covered container.

Since 1887

Faultless Starch
